

School Newsletter

Week of September 9-13, 2024

[View School Calendar](#)

Welcome Back

We are so happy to have started another school year and see our students return safely from the summer break! We have created a new school newsletter and hope you find it informative and easy to access. We are still working on some of the links and will have them all working in a few weeks. Our newsletter be sent out every Friday with calendar updates and classroom highlights.

Please make plans to join us for Back to School Night on Thursday, Sept.12 @ 6 pm. We will begin our night in the church sanctuary and then dismiss to our classrooms for individual meetings. We cannot wait to see you all at Back to School Night where you'll learn more information about our classrooms and upcoming events. See you there!

Celebrating a New School Year!

We started another fabulous new school year with a school wide prayer with Pastor Ben and Pastor Luiggi! We had a special visit from the Kona Ice Truck thanks to the LNSDA Church!

Classroom Highlights

K-2nd Grade Classroom

We welcomed two new students to our classroom this year. Welcome Ilka and Jahziel to the LNJA Family!

We have been focusing on our classroom routine and have slowly been add subjects to our school day. The students also started testing to determine Phonics levels and IXL levels. We will soon take our MAP tests. The MAP test is our standardized testing in which our class will take the Reading and Math sections of the test. Please make sure your child gets plenty of sleep and eats breakfast this week!

3rd-5th Grade Classroom

It's been a great start to a fantastic school year as we learn our procedures and routines. We began taking our MAP testing, we're learning about living and nonliving things in science, and in social studies our focus is on communities. Fifth grade is learning how to graph, fourth graders are learning how to convert, and third graders are learning how to read graphs in math. Our theme for chapel this year is, "Be strong. Be brave. Be fearless! You are never alone."

6th-8th Grade Classroom

The 6th - 8th grade are practicing their leadership and mentoring skills this week by coaching our 5th graders on how to program our class robots. The end-goal is to have each 5th grader be able to program their robot to traverse the course without bumping into anything.

Be brave.
Be strong.
Be fearless.
You are never alone!

Have I not commanded you? Be strong and courageous. Do not be afraid; do not be discouraged, for the Lord your God will be with you wherever you go.
Joshua 1:9

Pastor Luigi from the Orange Coast SDA Church led our chapel last week.
